

## Employee Protection: Head Protection – Construction

---

- | Yes                   | No                    | N/A                   |  |
|-----------------------|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 1. Are your employees protected by hard hats while working in areas where there is a possible danger of head injury from impact, falling or flying objects, or electrical shock and burns?<br><a href="#">29 CFR 1926.100(a)</a>   |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 2. Do the hard hats you provide to your employees to protect against falling and flying objects meet the specifications contained in ANSI Z89.1–1969, Safety Requirements for Industrial Head Protection?<br><a href="#">29 CFR 1926.100(b)</a>  |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 3. Do the hard hats you provide to employees exposed to high voltage electrical shocks and burns meet the specifications contained in American National Standard Institute, Z89.2–1971, Safety Requirements for Industrial Helmets for Electrical Workers Class B?<br><a href="#">29 CFR 1926.100(c)</a> |

### Employee Protection: Hearing Protection—Construction

---

- | Yes                   | No                    | N/A                   |   |
|-----------------------|-----------------------|-----------------------|---|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 4. Are ear protection devices provided and used when it is not feasible to reduce noise levels or duration of exposures to those specified in Table D–2, Permissible Exposure, in 29 CFR 1926.52?<br><a href="#">29 CFR 1926.101(a)</a> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 5. Are ear protection devices that are inserted in the ear fitted or determined individually by competent persons?<br><a href="#">29 CFR 1926.101(b)</a>  |

### Employee Protection: Eye and Face Protection—Construction

---

- | Yes                   | No                    | N/A                   |   |
|-----------------------|-----------------------|-----------------------|---|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 6. Is eye and face protective equipment used when machines or operations present potential eye or face injury?<br><a href="#">29 CFR 1926.102(a)(1)</a> |

### Employee Protection: Safety Nets—Construction

---

- | Yes                   | No                    | N/A                   |  |
|-----------------------|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 7. Are safety nets provided when workplaces are more than 25 feet above the ground or water surface, or other surfaces where the use of ladders, scaffolds, catch platforms, temporary floors, safety lines, or safety belts is impractical?<br><a href="#">29 CFR 1926.105(a)</a> |

### Employee Protection: Working Over or Near Water—Construction

---

- | Yes                   | No                    | N/A                   |  |
|-----------------------|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 8. Are employees who work over or near water where the danger of drowning exists provided with U.S. Coast Guard approved life jackets or buoyant work vests?<br><a href="#">29 CFR 1926.106(a)</a> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 9. Are ring buoys with at least 90 feet of line provided and readily available for emergency rescue operations?<br><a href="#">29 CFR 1926.106(c)</a>  |

## Employee Protection: Head Protection – Construction

- 10. Does the distance between ring buoys available for emergency rescue operations not exceed 200 feet?  
[29 CFR 1926.106\(c\)](#)
- 11. Is a lifesaving skiff immediately available at locations where employees are working over or adjacent to water?  
[29 CFR 1926.106\(d\)](#)

### Employee Protection: Working in Excavations—Construction

---

- | Yes                   | No                    | N/A                   |  |
|-----------------------|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 12. Are employees protected from loose material that could fall into the trench?<br><a href="#">29 CFR 1926.651(j)(2)</a>                              |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 13. Are walkways provided when employees or equipment are required to cross over excavations?<br><a href="#">29 CFR 1926.651(l)</a>                    |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 14. Are walkways that are six feet or more above lower levels of excavations equipped with guardrails?<br><a href="#">29 CFR 1926.651(l)</a>           |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 15. Are employees provided with and are they required to wear proper safety equipment?<br><a href="#">29 CFR 1926.28(a)</a>                            |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 16. If a hazardous atmosphere is identified, is ventilation provided or is respiratory protection in use?<br><a href="#">29 CFR 1926.651(g)(1)(ii)</a> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 17. Have hazardous objects been removed from the excavation area or blocked securely?<br><a href="#">29 CFR 1926.651(a)</a>                            |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 18. Are damaged materials or equipment removed from service?<br><a href="#">29 CFR 1926.652(d)(3)</a>  |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 19. Is excavated material stored at least two feet from the edge of the excavation?<br><a href="#">29 CFR 1926.651(j)(2)</a>                           |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | 20. Is the location of the trench marked by banners, barricades, or other signals?<br><a href="#">29 CFR 1926.651(f)</a>                               |

### **Notes:**
